

Plot for sale in Casares, Costa del Sol

911 m² Plot |

Property Description

Exclusive urban plot with approved plans to build a contemporary villa in one of the most privileged areas of the Costa del Sol. The property enjoys spectacular panoramic views stretching across the Mediterranean Sea and, on clear days, the coast of Africa.

Just a few minutes from the marinas of Sotogrande, Estepona and La Duquesa, and very close to some of Europe's most prestigious golf courses, such as Finca Cortesín and Valle Romano Golf Club, this location offers an unrivalled combination of luxury, natural surroundings and an active lifestyle.

The project has been carefully designed to maximise the exceptional conditions of the plot and its sea views. The property is distributed over three levels and has pedestrian and vehicular access from the lower level, leading to an elegant entrance courtyard where the main door and garage access converge.

Inside, the villa is connected vertically by an exclusively designed lift and a sculptural staircase that creates a unique architectural space. From the lower floor, a waterfall and a cascade of natural light welcome you on an upward journey, guiding your gaze and experience to the upper levels.

A unique opportunity to build a singular villa in an unbeatable location, where design, landscape and comfort merge perfectly.
